PROFESSIONAL SUMMARY

Detail-oriented and highly organized Administrative Assistant with practical experience supporting healthcare clinics, corporate offices, and customer-facing operations. Demonstrated ability to manage patient records, scheduling, documentation, and front-desk coordination while upholding confidentiality and regulatory standards. Skilled in PS Suite (EMR), SAP, Microsoft Office, CRM platforms, and administrative workflow optimization within high-volume environments.

EDUCATION

Seneca Polytechnic

Sep 2021 – Apr 2024

Bachelor of Business Administration – Marketing

Relevant Coursework: CRM, Marketing Research, Consumer Behaviour, Financial & Managerial Accounting, Business Analytics

PROFESSIONAL EXPERIENCE

Joshi Management

Feb 2024 – Present

Medical Administrative Assistant

- Maintained and updated patient electronic medical records using **PS Suite (EMR)**, ensuring data accuracy, confidentiality, and compliance with clinic policies.
- Coordinated front-desk and telephone operations by managing appointment scheduling, patient inquiries, referrals, and service follow-ups.
- Assisted physicians and clinical staff through accurate documentation support, data verification, and real-time administrative coordination.
- Monitored medical supply inventory and procurement activities, helping reduce shortages and improve daily clinic workflow efficiency.

Pingash Enterprise

Sep 2022 – Jul 2023

Administrative Assistant

- Organized office schedules, records, reports, and documentation to support smooth day-to-day business operations.
- Executed data entry, CRM updates, filing, and document control to enhance administrative accuracy and information accessibility.
- Improved internal administrative processes by streamlining workflows and standardizing documentation practices.
- Earned **Key Contributor** recognition across three evaluation cycles for consistent reliability, attention to detail, and performance.

The Westegg Group (TTC Operations)

Aug 2021 – Aug 2022

Customer Service Representative

- Served as a primary contact point for public inquiries, delivering customer assistance, issue resolution, and transit-related information.
- Supported on-site operations by coordinating with supervisors, assisting with safety briefings, and facilitating daily operational flow.
